The Dimmer VIEW

By MAX GOODWIN

We got a friendly communication from the Reverend Bruno Pueschel and his lovely wife, Barbara the other day. They are soundly enscounced in their parsonage at the Congregational Church at Wasco.

Said they, jointly, "Will you please thank the wonderful folk of Lemon Grove for contributing to three memorable years in your community. We made friends there whom we will never forget. We love them and we miss them. Will you take the time and give the space to thank them for us for sharing those days with us?"

The Pueschel's new address in Wasco is 638 Broadway.

Those of us who shudder at the sound of speeding autos passing our homes during the night are in for some relief, I am happy to report.

The relief will come from Sheriff Bert Strand and his deputies. They have taken the first step in cutting down the unconscionable killing and maiming which goes with high powered, recklessly driven cars.

This step is simple, really. The department is advertising its presence. Instead of the drab coloration of the sheriff's seal of the door of each sheriff's car, they will soon have green on white, like a billboard, across the turtle cover and the entire door of each car.

There'll be other reforms in the department, too. Sheriff's deputies will issue traffic citations soon, at a date to be announced. This particular work has been exclusively in the domain of the California Highway Patrol.

Two extremes of which I know, will help point up the importance of the good which will come from this move.

One evening recently I was "riding the beat" with a deputy and we trailed a driver who was so drunk that he ran up on the curb at one point on El Cajon Blvd. Our sheriff's car pulled the red light and siren and the guy stopped. Deputy ordered the guy

GOP $100 Dinner Meets Fund Goal

"The 1957 program of the Republican Party in San Diego County is half completed," Bill Shearer, Executive Director of the County Republican Central Committee, told the Homeland Republican Women's Club last evening.

"Our major success this year has been the successful $100 fund raising dinner held last week," he said. "This is the first time that the Central Committee has ever sponsored a fund raising dinner, and working through a most effective finance committee, we have met our fund raising goal."

Shearer said that central direction of Republican Party activities has now been firmly established in the hands of the Central Committee where such direction legally belongs.

"At the beginning of the year, your Central Committee faced two major tasks, the raising of sufficient funds to assure a full time Republican program in the county, and the creation of a thorough and effective precinct organization. The first task has been accomplished. The success of our fund raising dinner is a living reality. Our precinct program is partially completed, and the organization will be tested and one hundred percent effective before the year is out," Shearer said.

The Homeland Club met at the home of Mrs. D. M. Walker, 9537 Grossmont Blvd.

Thunderbird, Jr. Size, Prize In Local Event

A junior sized Thunderbird, a small model of what daddy always wanted, will go to some lucky Lemon Grove youngster October 19. Lemon Grove Boosters Club will use the T-Bird as the major prize for a giant Lemon Grove Days give-away.

The T-Bird is 56½ inches long, fire red in color, has adjustable seats, pedal powered and the body is made of high impact styrene which will not dent or rust.

T-Bird will be given to the person whose name is drawn from a huge box in the plaza on the evening of October 19. Everyone may enter by going into any of the Booster member shops in Lemon Grove and receiving an entry blank. These are signed and dropped in a box. No purchase is necessary.

Together with the giant give-away, Lemon Grove merchants will have a gala three day sales event called Lemon Grove Days on October 17, 18 and 19.

The Lemon Grove Jaycees will hold their first annual kiddies pet parade October 19 in the afternoon. Chairman of the event is Jim Spears. He is being assisted by Mrs. Jerry Howell.

'BIGGEST' SHOPPING CENTER PLANNED FOR GROSSMONT

A ten million dollar regional shopping center, the largest in San Diego County, will be developed on a 100-acre site in Grossmont on a tract adjacent Grossmont Hospital. Mr. and Mrs. Elliott Cushman, San Diego publisher and spokesman for the developers said that negotiations are under way with leading San Diego stores which will establish branches in the Grossmont Center. Included are the Marston Company, Montgomery Ward, Thearle Music, Lion, Dohrmann's and J. Jessop.

The San Diego Trust and Savings Bank will have a branch and Bank of America has filed for approval. Negotiations are under way for a major market and many other shops and services will be housed there. The number of businesses in the 100-acre development will equal the number of business firms in a medium sized city, another spokesman for the developers said.

The development site is west of Grossmont Hospital and bounded by U. S. 80 freeway, Fletcher Parkway and Jackson Street.

Matadors Open Season Friday

Mt. Miguel Matadors opens the 1957 football season Friday at Helix stadium against Mar Vista high school. Game time is 8:45. This is the second game of a double header which will see Helix pitted against El Centro at 7 p.m. Helix and Mt. Miguel bands will perform. Tickets may be obtained at the gate for $1. Children will be charged 50c. Season tickets for four games are available for $3.

Next week, the Matadors play El Cajon at Helix stadium. Game time 8 p.m. Other games this season will be against Sweetwater at Chula Vista, October 11; Hoover at Hoover, October 18; Grossmont at Helix, October 25; Chula Vista at Helix, November 8, and El Cajon at Aztec Bowl, November 15.

Mt. Miguel is proud of the showing of all of the units at the All-Metro League Carnival held Friday at Aztec Bowl.

The football team tied Grossmont 6-6 and the band and specialties groups put on a superb performance.

"The Lemon Grove-Spring Valley areas have a high school of which they may well be proud," remarked Melvin C. Grant, principal of Mt. Miguel.

GROSSMONT HOSPITAL TO TRY AGAIN FOR STATE-FEDERAL FUNDS

Another try for Hill-Burton Act funds to build a 140-bed addition to the Grossmont Hospital District facility was authorized last week by the hospital trustees.

Second application for $1,200,000 in state and federal money will be made during the next 30 days, an administrative staff spokesman said. A similar request was turned down recently by the state Hospital Advisory Council.

District trustees since have postponed consideration of a bond issue to finance the addition pending notification of the district's position on a statewide priority list for 1958.

Lous M. Peelyon, administrator, said if the funds are granted the district will contribute $600,000 in surplus funds and build the without a tax-supported bond issue.

The district's position on a priority list can be determined by March or April, Peelyon said. He said that he "had high hopes" of obtaining the funds when the new list is issued. A recent application for money to contruct a new San Diego County hospital will not affect the Grossmont district's priority, he said.

If state and federal fuunds are requested for the county project, it will probably knock Grossmont off the list. So far, it has been indicated that the county facility will be built by county tax funds.

School Bonds To Get BWL Aid

The Lemon Grove Business Women's League will contribute womenpower toward the coming school board election, according to Mrs. John Farle, club president. Twelve members will assist in addressing and stuffing brochures which are being produced by the Citizens Committee for Schools.

A courtesy membership was tendered Mrs. Gladys Kranch. She is secretary of the L. G. Chamber of Commerce.

The club's fashion show is scheduled for October 3. Reservations are still being taken for this dinner meeting.

Ways and means will be discussed to assist wheel-chair patient Svea Yaeger, a Monterey Heights girl who graduated recently from Helix with honors entire school career.

Principal Grant To Be Men's Club Speaker

Mel Grant, principal of Mt. Miguel High School will tell the "Matador Story" Friday at the Lemon Grove Men's Club. Grant will tell about some of the amusing incidents connected with opening a full-fledged high school with about half the facilities missing. Mt. Miguel's nickname is "Matador."

At Friday's meeting, Harry Silke, Industrial Coordinator with the City of San Diego told the Club that 6,200 communities across the nation are competing with San Diego for industrial development. There are only 3,900 acres in San Die[illegible] available for eventual [illegible] velopment, he said. He [illegible] that San Diego City is in[illegible] in bringing industry to [illegible] areas outside the city limits. He said that Lemon Grove offered some opportunities for such development but these opportunities are being rapidly dissipated by rapidly rising land costs.

William Parker, area Telco manager, presided. The Men's Club meets every Friday at Michael's at noon.

School Bond Must Pass, Says Finance Chairman

Contributions to the Citizens Committee For Schools, the group which was formed to help pass the October 15 school bond issue, are coming in at a steady clip, it was announced this week by A. E. "Bob" Howell, Finance Committee Chairman.

Cost of publicizing the issue has been estimated at $300.

Issue is for approximately $500,000 which will be used to complete the soon-to-be-started San Altos school, and to build a school on the newly acquired Morse property.

Proponents for the issue say that it is necessary to guarantee housing for at least 1,000 children who would otherwise be on double session.

School fund may not be used to publicize the election.

Howell, a local accountant and president of the San Diego County Horseman's Association, volunteered to take the chairmanship of the fund raising project. "No one can shirk his duty in providing schools for our growing population. We must do all we can to help the issue pass," he said.

CHARIOTEERS—Here is one of the chariots which will be entered in the Lemon Grove Kiwanis Kids Day parade-contest Saturday. In the picture are Tom Field, 3515 Corona Street; Bill Davis, 1915 Imperial; Danny Boggs, 1385 Taft; Beverly Blecha, 3105 Massachusetts, and Michael O'Hare, 8260 Golden Avenue.

Parade will start at 1 p.m. in front of the Lemon Grove Fire House. Judging will be done at the Lemon Grove Junior High School playground. —Tappy Foto

PRUDENTIAL STAMPS TO BE GOOD SAYS OWNER

Don Mandell, Jr., co-owner of Prudential Stamps Co., 5556 W. Washington Blvd., Los Angeles, said Tuesday that his firm, which also distribute Gold Arrow Stamps, had closed three San Diego redemption stations "for re-organization."

He said a new redemption station would be opened Monday in San Diego at a location yet to be announced. He said his firm had gotten into financial trouble when Mayfair Markets dropped Prudential stamps suddenly. He said stamp savers then had converged on redemption stations in San Diego "in droves" depleting the merchandise on hand and putting the firm in a bind, to the extent of having to dig up $40,000 to $50,000 to replace the merchandise.

Earl Garrett, president of Mayfair Markets said so many complaints had reached him from Mayfair customers who said there was not adequate choice of premiums at the redemption centers that Mayfair had no choice but to change. The firm now handles Orange stamps. Garrett said that his firm was exploring every possibility of see-

Local Trustee To Report On New School Legislation

Meeting will be held at County Schools Service Center, 4005 Rosecrans Street in San Diego. Armstrong Legislative chairman and acting vice president of the Association.

Principal speaker will be Dr. C. C. Trillingham, president-elect of the American Association of School Administrators.

An important item of business at this meeting will be the appointment of three members to the County Committee on School District Organization. Mrs. Margaret Burnett of the La Mesa-Spring Valley School District Board will read reports of the nominations committee.

WORTHY ADVISOR—Miss Penny Estes, daughter of Mr. and Mrs. Howard F. Estes, who was installed as Worthy Advisor of Lemon Grove Rainbow Assembly No. 172 in a colorful ceremony held Saturday evening at the La Mesa Masonic Temple. A schedule of varied activities has been planned for her term of office.

IMPROVEMENTS SLATED FOR L.G. FREEWAY

"Continued construction on the Lemon Grove Freeway is in the offing," said Jacob Dekema of the State Division of Highways. Bids have been scheduled for opening on October 24, which will provide nine highway bridges between 25th Street and Home Avenue in the city of San Diego. Major freeway crossings are planned at 28th Street, 30th Street, and 32nd Street. The intersection of the freeway and Wabash Boulevarde will require constructing an additional five bridges and extensive alteration of the existing Las Chollas Creek bridge. Bids for grading and freeway construction through this area will be taken at a later date.

Some re-routing at various locations will be necessary during construction, but the work will be planned so that public traffic will be permitted to pass through or around construction operations with the least possible inconvenience.

"In the event that satisfactory bids are received," Dekema, said, "the work could be completed early in 1959."

All Grove kids not "grounded" by mom and pop for misbehavior, will have a chance to win trophies, prizes and awards in the Lemon Grove Kids Day Parade and contests to be held Saturday.

There will also be ice cream, candy and other goodies for all who join in the fun.

The parade will start at 1 p.m. Saturday from in front of the the Lemon Grove Fire House on Central Avenue near the junior high school. It will follow School Lane to Golden, over Golden to Imperial then down to Broadway. On Broadway the parade will turn to the right and go to Kempf Street where it turns south to the east gate of junior high school play grounds.

While the contests are being judged, a helicopter supplied by the newly-opened Food Basket Market will hover overhead. After the 'copter lands near the Food Basket, Laura Scudder products will be distributed to the youngsters according to Dr. Robert Burns, events chairman for the Kiwanis Club.

Freeborn Cressy, parade chairman said that two bands will supply music for marchers. They are the Mt. Miguel band with 65 musicians, and the Junior High band with 35. In addition there'll be several scores of pom-pon and flag corp girls to add to the color.

In the parade will be all sorts of decorated vehicles. Chariots, bicycles, wagons, doll buggies and vehicles that may defy description will all be eligible. Horses cannot compete.

There will also be awards for bicycle riding skill.

The Grove Theatre is giving 50 passes good for the kid's show. Don Dunham, theatre manager, said they will be good to see The Legend of Wyatt Earp (Gunfight At the OK Corral). The tickets will also be good at any other kid's show. The theatre will start its morning show at 10 a.m. Saturday, early enough for paraders to see the show and get to the parade grounds. The show this Saturday will be continuous. Pass winners will be able to use their tickets the same day.

All youngsters are invited. Contestants and marchers are to come to the fire house area Saturday at 1 p.m. Entry blanks may be obtained from any school principal.

Food Basket Opens In LG

Lemon Grove Food Basket Market, Golden and Imperial, opens Thursday of this week after a false start which would have had Monday noon as the start day. Sub-contratcors couldn't put the huge 30,000 square feet market together so the opening was deferred until now.

Some of the attractions at the opening will be Flippo, the clown, free balloons and free carosel rides Thursday, Friday and Saturday. A whirlybird will drop in on Food Basket Saturday with free potato chips and other Laura Scudder products. The whirlybird will also hover along the line of march to be followed by Lemon Grove Kiwanis Kids Day Parade and the hundreds of kiddies taking part in this event will also get free Laura Scudder products.

Mary Morgan, Food Basket home economist, will spend three days at the opening and will have free menu suggestions for all visitors.

Standard Time Returns Sunday

If you've been wondering where that hour went last April when you found yourself getting up an hour earlier, you'll find it under your bed covers Sunday.

Area residents, and all of California will return to Pacific standard time Sunday at 1 a.m.

Daylight time starts the last Sunday every April and returns to standard the last Sunday every September. This is regulated by state law. Clocks are turned ahead one hour at 1 a.m. when daylight times begin and back one houur when it ends.

Best way is to set the clock back one hour when you go to bed Saturday night. Example: if you go to bed at 10 p.m. make the clock read 9 p.m. When you wake up Sunday you'll be right on the standard time beam.

"REALITY" THEME OF CHRISTIAN SCIENCE SERMON

"O Lord, how great are thy works! and thy thoughts are very deep." This verse from the Psalms will be the Golden Text of the Sunday Lesson-Sermon on "Reality" in all Christian Science churches. (Ps. 92:5)

The wisdom, knowledge and understanding of God is highlighted in the sermon by these declarations from the Psalmist (111:2, 3, 7, 8), "The works of the Lord are great, sought out of all them that have pleasure therein. His work is honourable and glorious: and his rightousness endureth for ever. . . . The works of his hands are verity and judgement; all his commandments are sure. They stand fast for ever and ever, and are done in truth and uprightness."

Good Humor Is What Driver Isn't In When Ice Cream Truck Flips

Richard Edward Miles 21, of 10016 Buena Vista Drive, is the Good Humor Man, who drives around our area from time to time playing a merry tune and vending his icy goodies.

Thursday at 6 p. m. Mr. Miles humor took a turn for the worse, and well it scould.

According to the California Highway Patrol, Miles was driving south on Avocado Boulevard. As he approached Highway 94 he attempted to stop. . . . no brakes. Then for some reason or another the truck turned over. The truck apparently was not damaged nor was Miles. But gasoline was spilled all over the road. A fire truck from Spring Valley Station number 2 answered the call and washed the gasoline away. Some ice cream and pop sickles melted.

Miller, of 1930 Skyline Drive. A crisp dollar bill was tucked into the perky bow adorning the box; gift of the "Pinkie" auxiliaries.

"Pinkie," for those who do not know, is the little hand puppet, dressed in "cheery cherry" robe the color worn by the auxiliary's in-hospital volunteers—that is presented to each three-to-ten year old patient of Grossmont Hospital, as a gift of the auxiliary. The first of the toys was given out November 1, 1956.

"Pinkie" production is a continuing project of the auxiliary; work parties made up of members and friends of the organization being conducted from time to time, to cut out, assemble, and put together the small toys. The work is done through the sewing chairmen in the various areas, under the general supervision of the project's co-chairmen, Mrs. James Murphy, La Mesa, and Mrs. L. W. McCarthy, El Cajon.

Sheriff Bert Strand has put into operation the first two patrol cars marked for traffic enforcement. These cars are green with white doors and distinctly marked with the word "Sheriff" on the turtleback. These cars will be used on the regular sheriff's patrol beats, and in addition to the regular criminal work, officers in these cars will enforce traffic laws.

Sheriff Strand expects to have at least 10 of these cars in operation within a month, and the fleet will be built to a total of 35 to 40.

The Sheriff is of the opinion that the mere presence of these distinctively marked cars on the highways and side roads in the county will serve as a deterrent to potential traffic violators.

Square Dance News

COUNTRY COUSINS

Saturday is party night for Country Cousins at La Mesa junior high. Refreshments will be served. Dancing starts at 8 p. m. George Vagtborg is caller. Intermission entertainment will be provided by Vagtborg and his wife during intermission.

Beginners' class held Monday evenings at S. V. junior high is still open. Instructor is Dell Lake. Free baby sitting is provided.

HUFF'n PUFFERS

Huff'n Puffers beginners class is progressing in fine order. Caller, Frank Dyson is instructor. Learners will be accepted until October 1 at the Spring Valley Chamber of Commerce on Bancroft Street.

Sessions are held each Tuesday and reservations are not necessary.

MERRY WHIRLERS

As the month of September has Sundays, Merry Whirlers and their friends are reminded that the next dance will be held on October 13 at the Woman's Club, Gillespie Field, El Cajon, which makes a lapse of three weeks instead of two between dances, in keeping with the schedule of dancing every second and fourth Sundays of the month.

This is the last week for getting in on that beginners' class being sponsored by the Merry Whirlers, and taught by Clarence Montgomery, on Fridays at 7:30 p.m., at the Bancroft School in Spring Valley. Single folks are also welcome as there will always be someone there to help fill in where needed.

'Teahouse' Is Current Globe Attraction

"Teahouse of the August Moon," the Pulitzer-Prize-winning comedy by John Patrick, is the current attraction at the Old Globe Theatre in Balboa Park. The popuular play, which ran for two and one-half years on Broadway, is being presented by the San Diego Community Theatre nightly, except Mondays, at 8:30 through October 20.

Heading the large cast are Walter Chase as Captain Fisby, Sachiko Lovinggood as Lotus Blossom, Jo Angarola as Sakini, Burt Miller as Captain McLaen and Kenneth Barager as Col. Purdy.

Tickets for "Teahouse of the August Moon" are available at the Globe Theatre box office in Balboa Park. The office is open daily 9:30-5, and Sunday 2-5 p.m. Telephone reservations may be made by calling BE 9-9139.

John A. Davis Made Head Of Savings League

Last week the California Savings and Loan League celebrated its 67th and largest convention in Los Angeles.

During the annual banquet in the Cocoanut Grove at the Ambassador Hotel Wednesday evening, John A. Davis was installed as a Director of the League. Davis is President of Southland Savings and Loan Association of La Mesa, El Cajon and Lemon Grove. He is also President of Southland Savings and Loan Clearing Association of San Diego County, composed of the fourteen savings associations in this County. He is also Chairman of the Federal Home Loan Bank Sytem Committee for the National Savings and Loan League at Washington, D. C.

'Place the Face' Is Golden PTA Theme

After a few piano selections by Mrs. A. J. Long, the first regular meeting of the Golden Avenue PTA was called to order by the President, Mrs. J. C. Gomes, Wednesday evening, September 18th at the Junior High Cafetorium.

Cub Scouts of Den 12, Pack 308 presented the Colors and led in the Pledge of Allegiance.

Rev. Don Cooke of the Lemon Grove Methodist Church gave the inspirational.

Theme of the meeting was "Place the Face." The officers and chairmen were introduced by the President, and Mrs. Evelyn Lauritzen, Principal of the Golden Avenue School, introduced the teachers to the members.

Dr. Van Allen, Ed. E., Director of Curriculum Coordinating Council for the County, was the guest speaker. He instilled in each parent the need of family participation at different age levels, depending on the ages of your own children.

Mr. Calderone's Sixth Grade won the room count award.

Hostesses for the evening were the mothers of the Special Class and the Sixth Grade.

The general belief that fish is "brain food" is now declared erroneous by scientists. They probably arrived at this conclusion by noting that fish is eaten on Friday and observing the foolish things people do on the weekends. —Mobile Register.

CLEANER — If your community has been looking cleaner lately its because county officials have bought two new street sweepers, one of which, shown above, is assigned to the unincorporated areas in the south part of the county.

The sweeper, which runs at a speed of approximately 2½ miles an hour, is scheduled to cover 178.13 miles of curbed streets as often as possible.

The sweeper will be operated from 11 p.m. to 7 a.m. to prevent traffic interference, according to J. W. Davis, assistant road commissioner for the county. He emphasized that curbed streets only would be swept.

Ed Singer, district road superintendent in the Lemon Grove area said that the sweeper would cover the 35 miles of residential curbed streets in his district "about every two weeks." Three miles of curbed business streets will be swept once a week. This does not include the Broadway business block on Broadway, Singer said, because the curbs are on private property.

Newcomer, 81, Dies In Grove

Mrs. Riller Buchanan, 81, who lived with her daughter, Mrs. Arvis Hinton at 7514 San Miguel, died September 16 at her daughters home.

Mrs. Buchanan came to Lemon Grove from Franklin, Georgia four months ago to live with her daughter and was ill briefly. She is being returned to Georgia for burial. Local arrangements were handled by Conrad Mortuary.

☆ The State Department of Motor Vehicles last year revoked the licenses of 7671 drivers and suspended those of 7751 others for various reasons.

An area service station operator has won a major gas firm's sales contest and as a result he and his wife will get a trip to New York by plane.

Harold Drew, Back From Alaska, Is Retiring

A Lemon Grove man is back home after more than a year of service in Ketchikan, Alaska. The man is Harold Drew, 3145 Crane Street, who is retiring from the U. S. Coast Guard after 20 years and 9 months service.

According to a report from the Ketchikan Daily News, an Alaskan newspaper, the Drew family, which includes Mrs. Drew and their children Paul, Robert, Barbara, Nancy and Shirley, left Ketchikan late in August. The news report said the Drews were active in civic affairs and belonged to the Mountain Point Community club and the Deer Mountaineer Square Dance club. Mrs. Drew conducted a home for ten welfare children and was voted Mother of the year by Eagles last Mothers' Day.

B of H A To Be Honored Thursday

A quarter century of outstanding service to the electrical industry in general, to the appliance business specifically, and to the community as a whole, will be recognized at the 25th anniversary banquet of the Bureau of Home Appliances of San Diego County, to be held at El Cortez Hotel Thursday of this week. More than 600 appliance dealers, distributors, manufacturers' representatives, electrical contractors, civic leaders, bankers, and utility company personnel will attend the event starting at 7 p. m.

Featured speakers will be Cramer W. LaPierre, executive vice president, General Electric Company, Schenectady, New York; and Robert R. Gros, vice president — public relations, Pacific Gas & Electric Company, San Francisco, California. LaPierre directs all atomic, electronic, and defense system activities for his nationally-known organization, and will therefore have a message of interest to all San Diegans. Gros is one of the nation's best-informed speakers on national and international affairs based on first-hand knowledge obtained through personal interviews with many of the world's leading personalities in many fields of endeavor.

He said two other men, Lee Riggs and Bob de Sorda, both formerly with Prudential, and himself are forming a new corporation for continuing Gold Arrow stamps.

Biggest Shopping Center Planned

(Continued)

Plans already prepared indicate that Grossmont Center will compare favorably with Stanford Shopping Center in Palo Alto, one of the finest in the world.

The land is held by the trusts of Stephen P. Cushman, 16, and Lawrence M. Cushman, 14, minor sons of Mr. and Mrs. Cushman. It was originally in the etate of the late Adolph Levi, pioneer San Diego county rancher and real estate developer, and his wife, the late Elinore Levi. Eventually it passed into the possession of their daughter Selma Levi Moore, mother of Mrs. Cushman, who has placed it in trust for her grandsons.

Of the original 125 acres, 25 acres on the eastern boundary were sold to the Grossmont Hospital District for the erection of the present Grossmont Hospital.

Cushman said the store facilities would cover 550,000 square feet and conservatively estimated an investment representation of more than $10 million.

Preliminary details such as grading, access road placement and facility location are being drafted now, he said.

Beginning Monday the church will start a course to help train the workers that have been enlisted for the new year. A day session and an evening session will be offered. The course which will be taught is one of the leading books which the Southern Baptist Churches throughout the Convention use in their promotional programs to help build big and better Sunday Schools.

Judy Hewitt In Race For 'Princess'

Judy Hewitt, 16 year old Mt. Miguel junior, has entered the El Cajon Mother Goose Parade contest for the title of princess. There are 43 girls, all told, who will vie for the titled. First section of the contest is based on money. Girls must get sponsors; ell 25 stickers at $1 each, and then acquire enough pennies (which count for one vote each) to be among the top 10 money makers. From then on it is based on charm, poise, personality and beauty, contest promotors say.

Judy is the daughter of Mr. and Mrs. Russell Hewitt, 1680 Skyline Drive.

Other highlights will include an interesting story about the 20 gas meters in the building, installation and construction gear and equipment, our "snow cat" vehicle, and a display trailer loaded with working exhibits of the latest equipment in telephone switchboards, answering machines and many others.

We'll be glad to arrange appointment tours for schools and all others who would like to inspect and go through together. These special tours can be made between 9:00 A.M. and 9:00 P.M. on the 11th. Please call me at HOpkins 6-3200 for arrangements.

Regular tours will start every few minutes so bring the family and drop in any time. Remember the date FRIDAY, October 11th.

Paint Numbers On Them Boats . . .

What appears to be a final warning was issued this week to boat owners by John McQuilken, county assessor. Says John McQuilken, "All vessels must carry an assigned identifying number which must be permanently attached to the boat and the numerals must be at least three inches high, distinctly visible and legible. The number is assigned by the county assessor's office."

He also points out that vessels presently registered with the Coast Guard or Custom House will not be assigned different numbers, but will use the number assigned by either of these agencies for purposes of county registration.

All vessels not required to be registered with either of these two agencies, including all outboard vessels, sailboats, rowboats, barges, dredges, etc., must be assigned an identifying number by the county assessor, and such number must be permanently affixed to the bow of the vessel.

All boat owners who have not registered their boats and who have not been given a registration number, are urged to contact the Marine Division of the Assessor's Office not later than September 27th, 1957, to obtain the necessary registration.

Two Mt. Miguel Scholarships Offered By Valley Welfare Group

Students of Mt. Miguel High School were pleasantly surprised this week when the Spring Valley Welfare Society announced the grants of two scholarships to be awarded annually to Mt. Miguelers.

Those students who plan to major in one of the Medical Arts, such as nursing, will be given preference when each $150.00 scholarship is awarded.

The only conditions placed upon the applicants for the scholarship are: that they be living in the Spring Valley area; and that they are Mt. Miguel graduates.

the veracity of the others.

We had a chance to talk with each of the callers. Said one, "It's bad enough that our money has become practically worthless . . . to get in the back seat of his auto and "sleep it off". No citation was given. Later the officer said, in answer to my rebuke for not taking the drunk in that "at least my conscience is clear." He'll be off streets until he wakes up.

Instruction, apparently to the sheriff's deputies was to leave traffic violations to the Highway Patrol.

The other side off the coin is what Sheriff Lt. Robert Ernest told me about a little town in Texas with a speeding traffic problem. Lt. Ernest was around last week distributing information concerning the newly decorated sheriff's cars. He said that a group of business men in a little town of about 1,500 population bought an old motorcycle and painted it black and white. First merchant on the highway would roll the vehicle out each morning, and take it in when he closed. Motorists, rolling in across the Texas plain at a high rate of speed would slow to a sensible speed when they saw the parked motorbike.

For the same reason we feel that the sheriff's decision to boldly advertise his presence will have a salutary affect on reducing speeding.

Later next month when the department starts issuing citations like the Highway Patrol, you'll really see a residential driving slowdown.

I thought the Prudential Stamp people were upet when I talked to them earlier this week about the closing of redemption stations in San Diego, but they weren't nearly so upset as some some of the Lemon Grove housewives who took the trouble to call us. Incidentally, the co-owner of Prudential stamps said they were going to reopen a San Diego redemption station Monday.

These complaints ranged in sentiment from bitter to frustrated. One of the bitterest ones said it was "scandalous" and the perpetrators ought to be "tried and convicted" of robbery.

We added to the confusion by "breaking" our edition. We had half of our 4,000 plus newspapers printed before we were able to confirm the stamp story. We substituted it for one which told about the Skyline-Kempf Street stop-sign changeover. This resulted in some confused readers who didn't get our story asking us about the stamp story their neighbors said they had seen in the paper. Two different sets of neighbors evidently allowed their feelings to run so high over the matter that each was questioning

Turnbull In Town For Navy Relief

Wednesday night was fast 'n furious at the big Navy Relief Carnival held at Lane Field. Several Hollywood personalities were present, among them Chill Wills, George Murphy, Leon Ames, Bill Williams, Kathy Downs and others. Also there representing young Hollywood was a cute couple fairly well-known in both San Diego and Filmland, Lemon Grove's Bob Turnbull, former columnist for this newspaper, and his girl friend, Yvonne Lime.

Backed by the Union Newspaper, Ed Martin in particular, Bob and Yvonne flew down yesterday afternoon and were put up in the El Cortez Hotel. They went back to Hollywood early this morning. Bob shook hands with his many friends, some of them he hasn't seen in many months, while Yvonne was busy signing autographs and posing with Bob to make it a photographer's heaven. Strangely enough they favored the pretty blond over Turnbull.

This young couple just finished a picture together in which they had the leads, an unreleased film entitled "Teenage Rumble." Yvonne is currently rehearsing for her record debut and Bob is recovering from injuries suffered in a motorcycle accident while filming retakes for the movie.

Taxpayers Group Registers Growl On Road Near Supervisor's Land

The Mountain Valley Taxpayers and the San Diego Taxpayers Associations sent a letter to the County Grand Jury early this year protesting the construction of a road near Felicita Park (Escondido), which was to cost $54,061. The road is known as Del Dios Road.

Reasons for the protest were given as being a very low priority road and that it bordered property owned by (then) Supervisor Robbins.

According to Mrs. Lucy Martin, president of the Mountain Valley Taxpayers, Supervisors Bird and Gibson, at the hearing on the Del Dios Road problem, voted "No." The "Yes" votes were given by Robbins, Austin and Howell. As the result of the "Yes" majority, work was ordered to begin on Del Dios Road.

Mrs. Martin said the Grand Jury censured the Board of Supervisors for ill advised action. Reasons given by the Grand Jury were: 1. the road serves little traffic; 2. the road will serve a sparsely populated area; 3. the road was near the bottom of the County's priority list for road construction and repairs; 4. the construction was undertaken contrary to recommendations by the County Planning Commission.

Recently it was reported the Board of Supervisors had delayed action on the Del Dios Road. But last week, according to Mrs. Martin, it was reported the Board had ordered the road to be oiled, although a report from the County Road Department showed Del Dios lowest in traffic count.

WED — Dee Ann Duea, daughter of Mr. and Mrs. Virgil E. Duea, 7637 Circle Drive, Lemon Grove, was married September 15 to Terry Lee Sverdsten.

The 3 o'clock ceremony was performed by the Rev. H. C. Bakken in the Lemon Grove Lutheran Church. A reception followed at the home of Mr. and Mrs. R. J. Eaker, 4149 Woodland Ct., La Mesa. Mrs. Eaker is an aunt of the bride. The bridegroom is the son of Mr. and Mrs. E. W. Sverdsten of Cataldo, Idaho.

The bride was given in marriage by her father.

Miss Lois Duea attended her sister as maid of honor. Other attendants were Misses Joann Kaiser and Barbara Willoughby.

Dale Sverdsten, a brother of the bridegroom, was best man. Vern Hance, Stan Kvern and Jerry Sheffels ushered. Barbara Johnson served as flower girl, and Ronnie Jacobson, cousin of the bride, was ring-bearer.

Both young people attended Pacific Lutheran College at Tacoma, Washington.

Mr. Sverdsten graduated from the college last spring.

The couple left on a honeymon trip which included Bryce and Zion National Parks, and from there on to their home in Catado, Idaho, where Mr. Sverdsten is affiliated wth the Sverdsten Logging Company.

VFW LADIES PLAN ICE CREAM SOCIAL

The Ladies Auxiliary to the VFW Post 2082 will hold an ice cream, cake and pie social Sunday, September 29, 1 to 5 p.m. in the V. F. W. hall, Imperial at Lincoln. The public is invited.

Local Women To Help In Annual Harvest Ball

Mmes. Elwyn Middleton and Charles Stalker

Two Lemon Grove members of Grossmont Hospital Women's Auxiliary will play an important role at the Fourth Annual Harvest Ball ponsored by that organization. They are Mrs. Evelyn M. Middleton, 7982 Palm Street, and Mrs. Charles R. Stalker, 2618 Corona Street, who are in charge of ushering. The affair which is to be held October 5 in the Caribbean Room of El Cortez Hotel, will be a formal dinner-dance; with dinner to be served at 8 p.m.; doors opening at 7:30. Guests will be seated in order of their arrival, as no advance table reservations are being made.

Seven of the members' daughters who were presented at last year's Harvest Ball—all now active members of th auxiliary juniors—will act as ushers; namely: the Misses Linda Gall, Dale Gray, Deanna Herman, Carol Hoover, Dianne Mueller, Judy Lee Sawyer, and Sonie Smith.

Harvest Balls have become noted for the dramatic ceremony in which high school senior daughters of auxiliary members are presented for community service; giving the affairs a theme that transcends the purely social. This year's ceremony will feature twenty-one presentees; each girl a senior in high school: twelve from Grossmont, six from Helix, two from El Cajon, and one from Pt. Loma. Each girl is a daughter of an auxiliary member in good standing—and has, moreover, completed the required eight hours of service in the hospital.

About 9 p.m. on the big night, the presentees—wearing long, white formals and carrying white flower nosegays—will enter the ballroom in turn, on the arms of their fathers. Father and daughter will be presented to the auxiliary president, Mrs. Jens Hutchens, by R. Marvin Jackson, president, Grossmont Hospital Board of Directors. Mrs. Hutchens will accept the daughter "for community service," and will hand her a red rosebud, symbol of the auxiliary. After all have been presented, the girls will start dancing with their fathers; then will change to their own escorts who have been waiting in the background. This is a signal for all guests who wish to do so, to start dancing.

While the affair is invitational, returned tickets are being made available to non-members requesting them—up to the 450 reservation limitation. And although formal dress has been requested, men guests may come in dark business suits.

WASHINGTON SUMMARY
by ED KOTERBA

STRANGLEHOLD ON STATES

How far does Washington go in running states' affairs?

Look at the trend since 1915: That year, Uncle Sam contributed $5½ million to the states.

By 1920, the federal government's "support" of states grew to $77 million; in 1937 — $290 million. Then, in 1952, it was two and one-half billion.

Since that year, Washington has doubled the number of programs it handles in states — to 100. It's "contributing" more than five billion dollars for these projects.

This trend of "federal grants-in-aid" — "federalizing" — has grown to such proportions that Vice President Nixon warned the U. S. conference of mayors the other day that the handouts to local governments would be greatly decreased next year.

Democrats scoff at this prediction, but it will be a hot election-year issue from now until November, 1958.

THE TAXES WE PAY

Last year, taxpayers dished out $99.8 billion in federal, state and local taxes. Our national income for the year was $334 billion. Thus, 29 cents of every dollar earned went for taxes!

The significant thing is that this was ten per cent greater than the year before.

Congressmen use these figures in pledging economy during visits in their home districts.

Rep. Lawrence Smith of Wisconsin, for one, quotes Gen. Douglas McArthur, who said: "If this nation is ever destroyed it will not be from external force. The power to tax includes the power to destroy."

Even President Eisenhower—still reeling from the setback on his high-spending philosophy — has instructed the budget people to tone down every type of spending in their 1959 federal budget estimates.

TAX CUT IN SIGHT

Prospects keep growing that a ten per cent cut in income taxes will be voted next year.

In fact, the House Ways and Means Committee, which determines taxes, has scheduled a meeting for the very first day of the new Congress — January 7 to look into "general tax revision."

How Fast The U. S. Grows

The U. S. population today is growing at the rate of three million persons a year.

At this rate, there will be 193 million persons in this country by 1965. Significantly, our rate of population growth is faster than that of Russia!

Negros Outnumber Whites

Next year, officials here estimate, the whites will be the minority group in Washington D. C.

Population of Negroes here is slightly under 50 per cent. However, 70 per cent of Washington's public school children are Negro.

ANOTHER ROAD SCANDAL

Congressional staffs are eyeing the shenanigans evolving around the new 236-mile Kansas Turnpike.

The original estimate for the super highway's right-of-way was $7.4 million. But the present estimate is $10.5 million.

One reason for the 42 per cent increase: Salaries of teams of special lawyers hired by GOP leaders to "counsel" various counties in obtaining the rights-of-way. Their fees range up to $17,161 each.

MISCELLANY

The Interstate Commerce Commission, in a spot check of 12,018 cross-country trucks, found 88.4 per cent of them faulty . . . 20.2 per cent of them were found in such hazardous condition they were ordered off the highways immediately.

If Gov. Robert Meyner of New Jersey wins handily in his bid for re-election, politicos in Washington say he will be boomed as the No. 1 contender for Democratic presidential nomination in 1960.

A research institute for alcoholics — such as the heart institute — has been proposed by Rep. Albert Thomas of Texas. It would be located at the National Institutes of Health in Bethesda, Md. Thomas says there are 5 million alcoholics in the U. S. today.

Trustees OK $31,000 For Equipment

Equipment and furniture for classrooms at the new Palm Avenue school were assured this week when the Lemon Grove School Board at its Monday night meeting approved bids in the amount of $31,000. Regular desks and seats, ($16,000) will be purchased out of State building funds, and needed special equipment to the amount of $15,000 will be purchased by the local district. The latter includes lockers, cafeteria equipment, furniture and equipment for the shop and homemaking room, a piano for the school, projector, etc.

Arrangements were made by the board for fire hydrants, sewer connections, and water meters for the new school. The administration still anticipates moving books and supplies into the building during Christmas vacation to be ready for an early 1958 opening.

The board approved the issuing of student insurance brochures to parents, informing them that no insurance is carried by the district and that it can be secured by the parents. Brochures will be sent home soon with pupils. The same company that carried the insurance last year will again offer the protection. The question of use of buildings by square-dancing groups was discussed, but no conclusions were reached pending further reports on costs involved.

Byron Netzley reported to board members on the bond election campaign. He stated that support has been enthusiastic and generous, and all committees are swinging into high gear for the final drive up to the election date, Tuesday, October 15.

Mr. and Mrs. John Carovano of 2515 Sweetwater Avenue, announce the engagement of their daughter Linda to Jerry Haley, also of the Sweetwater address. The wedding date has been set for December 1, at 3 p.m., in the Chapel of the Roses, Chula Vista.

Mr. Haley is the son of Mr. and Mrs. Carl Haley of Inglewood, California. He and Miss Carovano are both graduates of Helix High School. Both are working and attending college. They have lived in this area about four years.

LETTERS TO THE EDITOR

Mr. Editor:

The "Lady" has returned. This I know will be of little interest to you, however to a few hundred other residents of the Grove, it will be of interest and in most cases, gladness. You see "Lady" is a dog. Not just any pooch but mostly Beagle and referred to as "The Postman's Dog."

First, I'd like to fill in a little of her background. As I get it, she was given to Bob Schauer of the Grove, by a sailor several years back. It seems that as she grew older, she developed a crush on well-known, jovial and happy Al "Bill" Baxter long time Grove postman. She made a point to meet him every day and follow him on his route for a number of years. Well sir, one day a new carrier came to work at the Post Office as a Sub and when "Ol Bill" started his annual leave a few months later, "Her Highness" started to follow the new carrier. He tried to discourage her, but feminine like, she refused to be given the brush. The carrier would go through a store on Broadway, out the back door to Golden, leaving Lady patiently waiting in front. This went on for sometime until one day opening the back door, he was confronted by "Her Highness." After that, no more subterfuge was tried. From then on she transferred her affections from Route 3 to Route 5.

For three years she never missed a day that I can remember. She was, I am sure, thought as much of by the patrons on the route as the carrier. Each night after work she would be given a ride home. However, she somehow found her way to where the carrier lived and refused to stay at her own home. Finally moving into the carrier's home altogether.

There are those that insinuate that he wooed her away from her first love "Ol Bill" by feeding her certain delicacies. This is an infamous lie. You know the female mind, Mr. Editor. Oh, I admit I occasionally gave a biscuit and once in awhile she shared a saucer of ale with me but believe me, **that is all.**

However, to get back to the reason for this letter. Last Sunday, September 15, Lady didn't return home from her usual trip to the Grove. Well, you can imagine what the feeling was at her Washington St. home. The first thought was that she had been run down by a car. This was not the case, as we found the following Tuesday. At that time a card was received in the mail from the San Diego City Pound near Linda Vista, that she was in durance vile and had been identified through her dog tags. Naturally we were overjoyed to know that she was safe. The question in our minds though, is why she was taken there. The attendant told me that she had been placed in an outside receiving cage by someone late Sunday P. M. or Monday A. M. before 7:30. If the police had picked her up there would have been a formal notice, as to where and what time. She had never gone out of Lemon Grove and our only conjecture is, that someone thought she was lost and decided that the right thing to do would be to take her to the pound. This is rather hard to believe as her phone number is in her tags and the pound being such an out of the way place, some twelve miles from the Grove. If such is the case, the party has our gratitude. However, if such a thing was done for spite, then I have nothing but loathing for these Creeps.

That's the story of "Lady," former Postmens ' Assistant and Honorary Member of the N.A.L.S. Br. 4033, Lemon Grove Post Office.

Yours truly
Herb Fullford

and now stamps!" The other lady said succinctly that the retailer ought to be made to make the stamps good. We both finally agreed this would practically impossible because they had been distributed from too many sources.

In my own case I was particularly angry about the purported stamp fizzle because I sat up one evening a little while back stuffing the dratted stamps into books. My children added to the hardship by getting many of them stuck on the wall and on the kitchen table . . . and for all that work, and saving, the stamps were, at least for a while, worthless.

Don Mandell, Jr., co-owner of the Prudential Stamp Co., at 5556 W. Washington Blvd. Los Angeles, told me by phone after I spent five days trying to get through to him, that his firm "had been in financial trouble" which had been agravated by a market chain dropping them without prior notice." He said that "a redemption station would be reopened in San Diego within a week." He also said that a station was scheduled for opening last Monday but it was "impossible to find qualified personnel" so the opening was deferred.

I hope Mandell & Co. make good the stamps. If they don't, I feel the retailers who handled them have a moral responsibility to honor them. I believe that a retailer who was smart enough to use them to lure patronage away from his competitors had better be smart enough to figure out a way to overcome the loss of good will that has come with the temporary suspension of the stamps' value.

It is regrettable since it was not planned nor desired by the retailers, but you simply can't tell Mrs. Shopper to trade with you because stamps are so valuable . . . then let her suddenly discover she can't cash them in. This calls for revolution . . . with a capital R.

Ike's firm and rational move in the Little Rock affair regains some stature and importance for the Law of the Land.

It is ironic, however, that the law is invoked so determinedly in the matter of our own people while we allow international rule breakers to go unrestrained.

By a similar formula, dire and dreadful penalties follow when payment of federal taxes are forsaken by our citizens, yet foreign obligations to our government go uncollected.

I've learned long since that it is foolish to expect to be treated as an equal with some of the foreign parasites we support but that doesn't prevent me from hoping, some day, I'll be allowed at least some of their privileges.

One of our printers, recently from Mississippi, is a staunch white's-righter. When the Arkansas Guard was federalized Tuesday he asked soberly, "Do you think Ike will use the H-Bomb in Little Rock?

With Pardonable Pride-- we publish a 'Love Letter'

Dee and Lulu Brumley were respected merchants in Portland. When they came to Lemon Grove in April they decided to follow the same progressive path they had followed in Oregon. They nailed down national brands of shoes . . . like Florsheim, Crosby Square and John C. Roberts, for men . . . Like Life Stride, Grace Walker and Daniel Green for Women . . . Like Red Goose and Yannigans, for kiddies . . . and several other lines of mens' and womens' slippers and casuals.

They also remodeled their newly acquired store in July and August and with warm greetings to all, attracted more and more local patronage — and business thrives.

As a backdrop for this activity they chose to use the Lemon Grove REVIEW as an advertising medium. The results of this is pictured in the attached letter.

Dear Sir:

We thought you would be interested to know that we used the Lemon Grove Review and the Spring Valley Bulletin exclusively in advertising our grand opening in August; also, for our Back to School business. We are very pleased with the results. Our business has been very good.

It is very reassuring to know that we have such a fine advertising medium here. We think it contributes much to the progress and well being of the entire community.

We would also like to express to you and your staff our appreciation for the splendid assistance you have given us.

Respectfully yours,

A newspaper is accepted in ratio to the service it provides. This ratio is higher with the Lemon Grove REVIEW than with many newspapers.
This service is "local coverage" and that's what we give the most.

There are few items that get into the REVIEW that does not have a local connotation.
Schools, PTAs, churches, clubs, groups and newsworthy local events get good coverage in the REVIEW.

Our subscribers buy us because we are local. The local exchange of information; the local merchandise offer; the local decision to buy, and the local sale . . . these forces, they all meet LOCALLY in the Lemon Grove REVIEW.
